He escaped being killed in battle But he came dangerously near death since.
This in brief is the experience of Past Commander David Noyes, of Manchester, N. J.
That Mr. Noyes is a most topular and honored citizen is evident from the fact that he has been elected five different years Commander of Reno Post, No. 84, G. A. R., that he is a Free Mason of high degree, a justice of the peace, ruling elder and treasurer of the Presbyteriar church, a member of the board of education, church, a member of the board of education, and has been sent as delegate to county, State and congressional conventions. The word of a man so highly honored at home must carry the greatest conviction and weight throughout the country. His story is interesting. "For over 27 years, since the close of the late

war, I suffered from dyspejeta, paid out hun-dreds of dollars, but got no relief. "I suffered from heart disease for 6 years, was carried out of church and i com my work three times, and for the cast two year. w un
